Alishan's beauty is natural with living creatures. Besides the sunrise, sea of clouds, brilliant sunshine, and sunset, its spectacular views encompass Tashan, Xiaoliyuanshan, Zhushan and Wanshuishan. Alishan is not only the most famous tourist spot in Taiwan, but the most popular travel destination for overseas tourists outside of Taipei city. People who haven't been to Alishan cannot truly say they have really been to Taiwan. However, the Alishan area was first explored a long time ago. But it was developed later and slowly, like a pearl with dust -- it takes everyone's efforts to make it shine and become brighter.
